**South Carolina Medicaid
Trading Partner Agreement for
Electronic Claims and Related Transactions**

I. General

The Trading Partner identified on the *SC Medicaid Trading Partner Agreement Enrollment Form* agrees to the terms and conditions of this Trading Partner Agreement (TPA).

II. Purpose

A. This TPA outlines the requirements for the electronic transfer of protected health information (PHI) between the Trading Partner and the South Carolina Department of Health and Human Services (SCDHHS).

B. The Trading Partner is in the business of submitting said electronic transactions on behalf of itself as a provider or as a billing agent for a provider(s).

C. The exchange of information is for the purpose of allowing Trading Partners to conduct electronic transactions for health care services provided to Medicaid beneficiaries of the SCDHHS. This TPA provides for the exchange of information between these entities necessary for the processing of such transactions. These transactions must be in accordance with the American National Standards Institute (ANSI) accredited standards and in compliance with the Health Insurance Portability and Accountability Act (HIPAA) of 1996, CFR 45 Parts 160 and 162, Standards for Electronic Transactions, published in the Federal Register August 17, 2000.

D. The Trading Partner is prohibited from transferring PHI received from SCDHHS for any purpose not expressly permitted by and related to paragraphs II A, B, and C above.

III. Provisions of the TPA

A. The Trading Partner agrees to follow the SCDHHS Provider billing guidelines for the submission of Health Care Claim transactions.

B. All transactions must be formatted in accordance with the HIPAA Implementation Guides available at <http://www.wpc-edi.com>; **which includes the use of the X12 Extended Character Set** SCDHHS Medicaid Companion Guides, which specify certain situational data elements necessary for SCDHHS, are available at <http://provider.scdhhs.gov>.

HIPAA transactions to be exchanged between the Trading Partner and SCDHHS **and the connectivity requirements** are identified in the SC Medicaid Technical Communications User's Manual.

C. The Trading Partner must complete testing for each of the transactions it will implement and shall not be allowed to exchange data with SCDHHS in production mode until testing is satisfactorily passed as determined by SCDHHS. Successful testing means the ability to successfully pass HIPAA compliance checking and to process PHI transmitted by Trading Partner to SCDHHS. SCDHHS will accept certification from any third-party testing and

certification entity that has been identified by the Workgroup for Electronic Data Interchange, Strategic National Implementation Process (WEDI/SNIP) in lieu of a Trading Partner being tested by SCDHHS. Such certification must be at least level 4 as defined by WEDI.

D. The Trading Partner warrants and represents that it has a legally binding contract between itself and all providers for whom it is submitting data or that the Trading Partner is itself a provider authorized to submit claims and receive health care information for beneficiaries who have coverage for services by the SCDHHS.

E. SCDHHS and the Trading Partner will protect the PHI contained in the exchange of information by means of both physical and electronic security measures.

1. Each entity will control access to its physical locations so that only authorized personnel have access to the information.

2. Each entity will utilize passwords in accordance with established procedures so that only authorized personnel have knowledge of those passwords. Upon departure of personnel from employment, the Trading Partner will promptly or immediately notify SCDHHS so that a new password can be established. SCDHHS will establish a similar system for departure of its own employees.

3. Each entity will report to the other any violation of security and/or the release of PHI that is not in accordance with this Agreement.

4. Technical rules for the electronic transfer of PHI between the Parties can be found in the SC Medicaid Technical Communications User's Manual.

L. That certain claims may not be submitted electronically and that SCDHHS has the sole authority to determine which claims may or may not be submitted electronically.
